

ALPHA ALOE®

nature's gift...

Our ALPHA ALOE® qualities are manufactured exclusively from Aloe barbadensis Miller. To save the precious ingredients of the raw material the mature leaves are taken to the manufactory directly after the harvest procedure. Afterwards the Aloe vera leaves are washed and hand-peeled. In the further way the inner leave filets are processed into Aloe vera gel, liquid as well as in to powder concentrate.

With product experience of 25 years we convince with constantly high and consistent quality.

ALPHA ALOE®

Powder and Gel Concentrates
