

PANINKRET

Chem.-Pharm. Vertriebsgesellschaft mbH

Company Information

Tuesday, January 27, 2015

Report according to § 67 AMG (German Drug Law):

Paninkret gains authorization for the marketing of Active Pharmaceutical Ingredients

For more than 30 years Paninkret collaborates on partnership basis with well-known German GMP-certified producers like SALUS Haus Dr. med. Otto Greither Nachf. GmbH & Co. KG and Walther Schoenenberger Pflanzensaftwerk GmbH & Co. KG. On the market both companies established their reputations especially due to the productions of Active Pharmaceutical Ingredients of plant origin and herbal medicines.

Paninkret (as their official distribution-partner for bulk) set the goal to distribute these high-quality extracts and freshplant pressjuice powders also to the pharmaceutical industry starting in 2015. Therefore various active substances have been reported to the competent state authority according to § 67 AMG (German Drug Law) already on August, 29th 2014 and the distribution of these has been approved by the same just some time later.

New product development:

Prickly Pear Freshplant Pressjuice Powder, EU organic

For many years this quality is established by Walther Schoenenberger as juice. Nowadays Paninkret is able to offer a gently produced freshplant pressjuice powder which is certified organic.

End of 2014 a first trial production of Prickly Pear Freshplant Pressjuice Powder was performed successfully which is characterized mostly by the intensive colour.

In case you are interested in receiving samples of this new quality, please contact us any time ([Inquiry](#)).

Biofach 2015

This year Mr Martin Schwabe and Mr Sebastian Zakrzewski will visit the **World's leading Trade Fair for Organic Food „Biofach“** in Nuremberg on February, 11th. If you wish to arrange a personal appointment please send us an e-mail ([Inquiry](#)).
